

PHILOSOPHY, PRINCIPLES AND FACILITATION OF FAMILY CONSTELLATIONS - 2021

This online course will explore the philosophy, principles and facilitation of Family Constellations. As we read seven unique books, our discussions and experiential exercises will deepen our understanding, skill and capacity to stand stronger in the field with individuals and groups.

We will expand insights to uncover underlying family entanglements and systemic imbalances so that we can guide our clients to healthy resolutions and reconciliations. A deeper understanding of the philosophy and principles of Family Constellations grounds the facilitator, increases the comfort and ease of coming in tune with the greater forces that are accessed during constellations, and helps create the powerful moments that encourage profound healing for clients and their family systems. This course will strengthen the foundation of trained facilitators and those in training by enriching their intellectual understanding of Family Constellations while increasing the connection of this understanding with the wisdom of the heart and soul.

This course consists of 7 three-hour sessions with required reading, group discussions, videos and homework for each session. Each class will meet at 11:30am Central Time (Chicago, USA)

The first class on June 12 meets from 11:30am-2:30pm CDT [9:30am PDT / 10:30am MDT / 11:30am CDT / 12:30pm EDT / 5:30pm BST / 18:30pm CEST /

An optional practice session based on the themes of individual classes will also be offered.
